

# EMERGENCY NUMBERS

## 911 **Dial 911 for real fire, police and medical emergencies. Remain calm, speak clearly and stay on the line to answer all of the operator's questions.**

911 service is available to all customers served by this directory. When the 911 operator answers, give the following information: phone number you're calling from, name, address, and nature of the problem. Dial 911 for real emergencies – to report a crime, a heart attack or serious injury, a fire or any situation that is potentially dangerous and requires an immediate response from fire, medical emergency or law enforcement personnel. If there is a fire at your location, get out immediately and call from someplace nearby. Do not dial 911 for non-emergencies, for road or weather information or as a joke. Abuse of 911 is a prosecutable offense.

## 811 **Call Before You Dig**

Plan to dig on your property or someone else's? Then you need to call 811. It's the law. 811 is the national call-before-you-dig number. This three-digit number will connect anyone intending to dig with their respective one-call center. In Oklahoma, 811 connects you with Call Okie. Call before you dig.

## 711 **Telecommunications Relay Services for the Hearing- or Speech-Impaired**

This 24-hour service is for communications between TDD/TTY users and hearing persons. Those with TDD/TTY devices may relay messages to those who do not have the devices by calling the TDD/TTY 800 number below. If you don't have a TDD/TTY but need to contact someone who does, call the voice 800 number below or dial 711 to connect to relay services anywhere in the United States.

**Relay Oklahoma:** TDD/TTY Calls ..... 1-800-722-0353

**Relay Oklahoma:** Voice Calls ..... 1-800-522-8506

## 211 **Human Services Assistance**

First Call 211 is designed to connect people with information and referrals to community and human service agencies. 211 is an easy to remember number and is a free call from any landline or cell phone. The service is designed to provide information to persons who need help in meeting their every day needs or who need assistance in times of crisis. Services offered through 211 vary from community to community. 211 is available throughout SST's service area.

## 988 **National Suicide Prevention Lifeline** .....988

The 24/7 National Suicide Prevention Lifeline provides free and confidential counseling to those in suicidal crisis or emotional distress.

Salina OK 74365  
918-434-5392

## Kansas Business Office

900 East Tulsa Avenue  
Kansas OK 74347  
918-868-5392

### OFFICE HOURS

Monday-Friday  
8am - Noon, 1pm - 5pm

### Reporting Trouble After Hours

Report trouble with your telephone line or internet connection any time, day or night. Call any of the above numbers to reach customer service or our after-hours message line. A major storm, natural disaster or fiber cut may prevent SST from handling troubles as scheduled below.

### For messages left

#### After 5 p.m. Monday-Friday:

Trouble will be handled following business day.

#### Between 5 p.m. Friday and noon Saturday:

Trouble will be handled Saturday.

#### Between noon Saturday and 8 a.m. Monday:

Trouble will be handled Monday.

### Priority Maintenance Plan Customers:

Your extended weekend coverage hours provide that troubles called in before 5 p.m. Saturday or 5 p.m. Sunday will be handled the day you called in. For complete priority maintenance details, please see pg. 7.

# VOICE MAIL SET-UP & ACCESS

---

**You'll never miss an important phone call again with SST voice mail.** SST voice mail provides you with a one-minute greeting plus up to twenty minutes of messages. Messages are retained for 30 days unless you delete them.

Check your messages from any phone, anywhere. Everyone needs voice mail in today's hectic world. If you have SST Internet and SST Voice Mail, call us to ask about E-mail Notification. **Sign up today by calling us at 1-800-722-3450.**

---

## Voice Mail Options

Call forward if no answer  
Call forward if busy  
Call forward if no answer and if busy

## Accessing Your Mailbox

### From your SST home or business phone:

1. Dial 918-XXX-0000 (XXX = Exchange)

Example: Your exchange is the first 3 digits of your 7 digit phone number.

Salina	XXX=434
Locust Grove	XXX=479
Spavinaw	XXX=589
Strang	XXX=593
Flint	XXX=597
Kansas	XXX=868

2. Press 1 to retrieve messages or Press 9 for mailbox setup.

### From any other phone:

1. Dial 918-XXX-0000 (XXX = Exchange)
2. Enter your telephone number, area code first, if calling from a remote phone.
3. Enter your password, followed by the # key. Your password will be a default code of "0000" until you change it.
4. Press 1 to retrieve messages or Press 9 for mailbox setup.

## Mailbox Set-up

1. **Press 1** Greeting options (you can disregard this step if you choose to use the default greeting).
2. **Press 2** Change password.
3. **Press \*** Return to main menu.

## To change or record your greeting:

1. **Press 1** Greeting options.
2. **Press 4** Record your greeting.
3. **Press #** End recording function.
4. **Press 1** Listen to greeting.
5. **Press 2** Save greeting. Greeting must be saved to be activated.
6. **Press 3** Delete greeting.
7. **Press 4** Re-record greeting. Then follow steps 3-7 again.
8. **Press \*** Return to mailbox set-up.

## To change your password:

1. **Press 2** Change your password.
2. Enter new password, followed by the # key. This password is any series of up to 16 digits you choose. You will be unable to access your mailbox without this password so be sure to choose one that is easy for you to remember.
3. To verify, enter your password again, followed by the # key.

# HIGH-SPEED INTERNET, BUSINESS BROADBAND & NETWORKING SERVICES

---

## NO DATA CAPS

Enjoy worry-free internet at SST with unlimited data for a fixed monthly price. Other companies' data caps limit what you can do online. SST doesn't have data caps. We want you to stream, game, and download whatever you want, whenever you want.

---

### Get the Speed You Need

You need a fast, reliable connection to fully enjoy new technologies, gadgets and streaming services. Ongoing equipment upgrades mean faster speeds are being rolled out in areas throughout the year. Call 1-800-722-3450 for the fastest speeds available today in your area.

### High-Speed Internet Information

DSL and VDSL service requires purchase of an SST modem. Not all customers live in range of all services. Verify your computer is equipped with a NIC (network interface card) before applying for service. Other exclusions, limitations and requirements may apply.

### Networking Services

- Experienced SST technician will network together all your wireless devices.

### High-Speed Fiber to the Home

- Free installation with one-year contract
- No data caps
- Speeds up to 1Gigabit
- Discount with one-year contract
- *New fiber locations will come online throughout the year, as we enter our third year of a multi-year fiber network buildout.*

Call 1-800-722-3450 for up-to-date fiber network information.

### Business Broadband

- High-speed data transfer
- Dedicated circuits up to 1Gigabit
- Ethernet, T-1, DS-3
- Perfect for schools, banks, health clinics and businesses. SST service area only. Call 1-800-722-3450 for pricing .

### High-Speed DSL & VDSL

- Free installation, no data caps
- VDSL speeds up to 50 Mbps
- DSL speeds up to 10 Mbps
- Requires one-year contact

### Internet Maintenance Plans (Pg. 7)

# TELEPHONE REPAIRS

## **Checking Your Equipment and Inside Connections**

Before calling us for repairs, check all your telephone equipment and your inside connections. Look for any broken elements on your phone. Make sure all your phone receivers are properly placed on the hook. If you have more than one phone, take them all to one phone jack and plug them in one at a time. If the line is dead when one of the phones is plugged in, but not with the others, that phone needs repair and not your line. Make sure all plugs are fully inserted into all jacks.

## **Service Call Charges**

There are charges you should be aware of if you call for telephone repairs and do not have the SST maintenance plan. If the problem is outside your home or business, there will be no charge. If the problem is inside, you will be charged \$36.25 for the service call. If you want our servicemen to make the necessary repairs, it will be an additional \$30 for the first 30 minutes of repair work and \$1 per minute thereafter.

## **SST Rental Telephones**

You'll never have to worry about repair or replacement costs on your telephone when you rent your phone from SST. Monthly rental costs range from \$1.90 to \$4.40 a month. If your SST rental phone experiences any problems, we will repair or replace it at no extra cost.

*No need to worry about maintenance costs unless you cause the damage. Free repair or replacement with SST Rental Telephones.*

### **ATTENTION: Fiber-to-the-home Telephone Service Repair**

Trouble with fiber-to-the-home telephone service cannot be checked at an interface box. If you have fiber-to-the-home service and your telephone is not working, please contact SST at 1-800-722-3450.

# MAINTENANCE PLANS

This guy's not worried  
**MAINTENANCE PLANS  
LET YOU REST EASY**

Pay a small monthly fee and avoid the costs of unexpected repairs and service trip charges. You'll protect your budget by signing up in advance before damage occurs. Seventy percent of SST customers choose to rest easy with maintenance coverage.

**Protect yourself  
from the cost of  
unexpected repairs.**

## Maintenance Plan Information

The telephone company owns the wiring up to the point that it meets the outside structure of your home or business. At the point that wiring enters your structure, you become financially responsible for repairs.

Sign up before damage occurs and avoid expensive trip charges.

Plans do not cover replacement or repairs due to fire, vandalism, flood, negligence, or natural disasters.

## Telephone Maintenance Plan

Costs \$1.50 per month for homes and \$2 per month for businesses. Covers inside wiring and jacks in working condition at

the time service is established.

## Internet Maintenance Plans

**DSL Modem** / \$3.95 per month  
Protects DSL jack, wire and SST-purchased modem

**DSL Router-Modem** \$5.95 per month  
Protects DSL jack, wire and SST-purchased router and modem

**Fiber to the Home** \$5.95 per month  
Protects router, jack and wiring

**VDSL Router-Modem** \$7.95 per month  
Protects VDSL jack, wire and SST-purchased router and modem

## PRIORITY MAINTENANCE

**Residential** \$19.95 per month | **Business** \$24.95 per month

Provides an extra 14 hours of weekend coverage and moves your trouble to the top of the list.

### Exclusions:

*The following holidays are excluded from Priority Coverage: New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, Christmas.*

# BILLING & PAYMENTS

## Billing Questions

### Can I pay my bill online?

Yes you can. SST's Online Billing and Payment service gives you the ability to view and pay your bill online, set up automatic payments and review your account history. It's free, uses a secure website and works with an Internet connection of any speed. For more information or to register, go to [www.sstelco.com](http://www.sstelco.com).

### Can I pay by automatic bank draft?

Yes, but it requires prior authorization. You can print an authorization form at [www.sstelco.com](http://www.sstelco.com). Click on the Pay My Bill tab, then go to the Automatic Bank Draft paragraph to find the link. You must complete the form and bring it to one of our business offices along with a voided check showing your bank routing number.

### When is my bill due?

Bills are due when rendered and will incur a late penalty if not paid by the 15th. Bills are issued at the beginning of the month. Your monthly bill includes local service for one month in advance, long distance charges, and any other charges you have incurred since your last bill.

### What if I don't pay by the 15th?

If you do not pay your bill in full by the 15th of the month, you will be billed a late charge. You will receive a notice of the date your service will be disconnected.

### What happens if I'm disconnected?

You will save money by paying your bill by the 15th. If you are disconnected, your service will not be restored until you pay all of the following:

1. the full delinquent amount;
2. any new charges and one month local service in advance;
3. and, a reconnection charge.

### What if there are calls or charges on my bill that I didn't make or approve?

If the account is in your name, you are responsible for all charges. This includes any long distance calls made from your phone, whether made by you, family or guests, or employees.

*Contact us to discuss charges that you question. Do not deduct a portion of your bill. By calling us, you may avoid a penalty or disconnection for nonpayment.*

## Billing Error Rights & 900 Pay-Per-Call Services

**You have rights pertaining to 900 pay-per-call services billed to you through SST. 900 call service providers charge for each call. Such charges may appear on your SST bill.**

If you believe a 900 call error has occurred on your SST bill, you should contact SST to dispute the charges. You may withhold payment for the disputed amount pending a billing review. Actions to collect disputed amounts will be halted until completion of the review.

If an error has occurred, your bill will be adjusted. If there was no error, payment will be due in the normal course of billing.

Failure to pay may subject you to a collection action. You are not to be billed for 900 services that do not comply with federal laws and regulations.

Your local or long-distance telephone service cannot be disconnected or interrupted for failure to pay 900 charges.

Your access to 900 services may be blocked by SST for failure to pay legitimate charges. Access to 900 services can be blocked at no charge on a one-time basis within 60 days of initiation of your telephone service. Other requests for blocking and unblocking will be subject to a fee as included in our tariff.

### Can my phone be disconnected for reasons other than not paying my bill?

SST may refuse service or terminate existing service for: nonpayment of a bill, failure to pay a required security deposit, tampering with SST's equipment or refusing SST reasonable access to its facilities, improper use of telephone service or use that constitutes a danger to life or property of others. Full details are available in the Oklahoma Corporation Commission Rules and SST's terms and conditions of services and tariffs.

### Have other questions?

Call us at 1-800-722-3450.

# PAYMENT OPTIONS

## Online Billing & Payment

Register for SST's Online Billing & Payment and enjoy round the clock access to your bill. Pay it anytime from anywhere with an Internet connection. Payment methods include bank accounts and check cards, as well as Visa, MasterCard American Express and Discover. To register, visit [www.sstelco.com](http://www.sstelco.com) and click on the Pay My Bill tab. Buttons to register for this service or to login are at the top of the page. *Note: Your online payment will not be posted until the next business day.*

## Automatic Bank Draft

An easy payment option. Never write a check again. Requires prior authorization. A link to print the authorization form can be found on SST's website, [www.sstelco.com](http://www.sstelco.com), on the Pay My Bill page. Call today to set up your automatic draft from any financial institution. 1-800-722-3450.

## Credit Card

Pay by Visa, MasterCard, American Express or Discover at either of our business offices or over the phone.

## Monthly Credit Card Auto-Pay

Tired of calling in every month to pay by credit card? Then call us at 1-800-722-3450 to set up your account for monthly auto-pay.

## Mail

Mail to address provided on payment stub or to our business office at:

**Salina-Spavinaw Telephone Co.**  
P.O. Box 600  
Salina, OK 74365-0600

## In Person

Deliver to front counter during business hours or drop in night deposit box at either SST office.

### Kansas Office

900 E. Tulsa Ave.  
Monday–Friday, 8 AM–Noon, 1 PM–5 PM

### Salina Office

Monday–Friday, 8 AM–Noon, 1 PM–5 PM

## NO CASH PAYMENTS

- SST does not accept cash payments in its offices.
- Do not place cash in night deposit boxes.

## Pay at Local Banks

You may pay at these local banks *only during lobby hours*. (Payments not accepted at drive-through windows or in banks' night deposit boxes.)

### Lakeside Bank of Salina

103 W. Ferry St.

### Bank of Locust Grove

124 E. Main St.

### Lobby hours at both banks are:

Monday–Thursday, 9 AM–4 PM

Friday, 9 AM–6 PM

Saturday, 9 AM–Noon (Bank of Locust Grove only)

# CALLING FEATURES

## Caller ID with Call Waiting

If you don't want to miss an important call when you're already on the phone, then you need the double whammy of caller ID with call waiting.

When you're on the phone and you have call waiting, a special tone alerts you to an incoming call. The new caller hears a normal ring. With the bonus of caller ID, you can look at your caller ID screen, check to see the number of the second caller and decide if you need to take the second call.

### Enjoy SST's most popular services and calling features

- High-Speed Internet
- 6-Feature Value Pack
- Call Waiting
- Caller ID with Call Waiting
- SST Voice Mail
- Internet and Telephone Maintenance Plans
- Caller ID Name and Number
- Call Forwarding

**Order Today 1-800-722-3450**

## On Demand Conference Calling

Our new on demand conference calling can help your business reduce travel expenses and save time. It could also facilitate a planning session for a reunion or trip between family members, friends or classmates scattered around the state or country.

**SST's on demand conference calling is simple and secure.**

Simply call SST to set up an account, then supply the date and time of your conference call along with the number of participants. We'll provide you, the host, the toll free number and conference code which you'll provide to all participants.

At the appointed time, each participant will dial the toll free number and enter the conference code to join the call. You'll hear a tone each time a new participant joins the call.

## NOTIFY PLUS: PHONE TREE MADE EASY

Notify Plus is a powerful automated **messaging service** that delivers phone calls, emails or text messages. Contact your entire group in minutes. It's the perfect communications tool for schools, town administrators, physicians, business owners, or anyone who needs to get a message out quickly to a large group of people.

### Unlimited applications include:

- Weather cancellations
- Service changes and outages
- Non-pay reminders
- Appointment reminders
- Scheduled maintenance reminders
- Meeting reminders

Subscribers can have multiple call lists. You have 24/7 access to a web portal where you can choose your contact list, select recordings, schedule calls or insert text messages. Large call lists can be imported from CSV, TXT or XML files. Results emailed to you on a per job basis. Call 1.800.722.3450 for complete details.

## Voice Mail

Our convenient messaging service provides a one-minute greeting plus up to 20 minutes of messages. Messages are retained for 30 days unless you delete them.

Check your messages from your home phone or any phone, no matter where you are. Great for those who work at home.

### Three Convenient Options

- Voice mail with call forward if no answer
- Voice mail with call forward if busy
- Premium voice mail with both call forward if busy and no answer

*Turn to page 4 for directions on setting up your mailbox and accessing your messages.*

# CALLING FEATURES

## Call Waiting

If you don't want to miss an important call when you're already on the phone, you need call waiting.

When you're on the phone and you have call waiting, a special tone alerts you to an incoming call. The new caller hears a normal ring.

Place your current call on temporary hold while you answer the new call. If you also sign up for cancel call waiting, you can prevent interruptions during an important phone call.

## Call Waiting Alert

When you're on the phone and you have an incoming call, you must answer within ten seconds, before you hear a second beep.

## Answering a Waiting Call

Press switchhook for about one second. This places first call on temporary hold and connects you to second caller.

## Alternating Between Calls

Press switchhook for about one second to alternate between calls. Your conversation with one caller cannot be heard by the other caller.

## To End Call

Hang up. Whichever caller you are speaking with at the time you hang up is the caller that will be disconnected. Your telephone will ring and the other caller will still be on the line.

**Call 1-800-722-3450**

**Order these helpful features today!**

## Caller ID

With Caller ID, you no longer have to wonder who's calling because you can see their name and number before you answer the phone.

**For Caller ID Name and Number**, you must have a phone or unit with a display screen on which the caller's information will appear. SST sells and leases caller ID units.

When someone calls, look at the display screen and decide to answer the call or not.

**Caller ID Block** is a feature that blocks your number, any time you make a call, from appearing on the units of persons with caller ID.

*Note: On a per call basis you can block your number from appearing on the called party's caller ID by pressing \*67 before dialing the number. This function is free on a per call basis.*

**Caller ID with Call Waiting** allows a second caller's number to appear on your screen when you're already on the phone. Check the display screen when you hear the call waiting beep and decide if you need to take the second call.

## Cancel Call Waiting

Add cancel call waiting and prevent important calls from being interrupted. Especially helpful if you use a computer to send or receive data transmissions through your phone.

## Before Calling

1. Lift handset.
2. Listen for dial tone.
3. Dial 70#.
4. Listen for special tone.
5. Dial the number you're calling.
6. When you disconnect your call, call waiting is automatically reactivated.

## During a Call

(Must have conference call feature to do this.)

1. Place current call on hold by pressing switchhook for one second.
2. Follow 2, 3 & 4 above.
3. Press switchhook and return to call.

## Teen Service

Make your life as a parent easier and stop answering the phone when the call is for your children. Teen service provides two phone numbers to the same line.

Your teen's ring will be two short rings and yours will be a normal ring.

*Note: Although you have two numbers and two rings, it's only one line and you can only hold one conversation at a time.*

## Telemarketer Call Screening

**Give annoying telemarketers the boot.**

Head annoying telemarketers off at the pass with this easy feature. Once this feature is applied to your phone, calls delivered to your home as "unknown" or "out of area" are intercepted.

A message tells the caller that you do not accept calls from telemarketers. Your phone does not ring!

The caller is instructed to add your name to their "Do Not Call" list. Other callers will remain on the line to be connected.

Remove annoyances and add convenience to the time you spend at home.

# CALLING FEATURES

---

## 5 Call Forward Options

Call Forward  
Call Forward if Busy  
Call Forward if No Answer  
Busy or No Answer  
Remote Access

**Call Forward Notice:** Any call forwarded to a long distance number will be subject to long distance charges.

**Maintain your privacy.** With call forward, there's no need to leave messages about where you are or leave a forwarding number. When you're away from home your calls can automatically be sent to you.

### Call Forward

1. Lift handset for dial tone.
2. Dial 72#.
3. Listen for special dial tone.
4. Dial 10-digit number where calls are to be forwarded. (You can use speed calling codes if you have that feature.)
5. Call forward is activated when someone answers at the forwarded number.

*No answer? Busy? Hang up and repeat steps above. Dial back into the forwarding number within two minutes and one of two things will happen. If there's still no answer at the number, you'll hear two beeps. The feature is activated. Likewise, if someone answers, the feature is activated.*

Once activated, 1 short ring will indicate a call has been forwarded. Outgoing calls can still be made from the forwarding phone.

To change the forwarding number, deactivate the feature, then follow activation steps with new forwarding number.

### Deactivate Call Forward

1. Lift handset for dial tone.
2. Dial 73#.
3. Listen for 2 beeps.
4. Hang up. Feature is deactivated.

### Call Forward No Answer

1. Lift handset for dial tone.
2. Press \*92.
3. Listen for 2 beeps.
4. Press the number on the keypad that selects the number of times you want your phone to ring (any number between 2-9) if there's no answer.
5. Dial call forwarding number. After call is answered, wait 5 seconds.
6. When you hang up, feature is activated.

To deactivate call forward no answer, follow steps for call forward deactivation, only use code \*93.

### Call Forward if Busy

1. Lift handset for dial tone.
2. Press \*90.
3. Listen for 2 beeps.
4. Dial call forwarding if busy number.
5. After call is answered, wait 5 seconds.
6. When you hang up, feature is activated.

To deactivate call forward if busy, follow above steps for call forward deactivation, only use code \*91.

### Remote Access

**Remote access allows you to forward calls anywhere in the nation from almost any touchtone phone.** Don't know your destination phone number? Then, wait to forward your calls until you're there.

As your location changes, so can the number to which you are forwarding your calls. You must use a touchtone phone to set or remove call forward from a remote location.

To set call forward from your home or business when you are at a remote location:

1. Lift handset for dial tone.
2. Dial 918 + your exchange + 0060, if you are calling from a location within your exchange. An exchange is the first three digits of your local phone number. SST has six exchanges: 434 (Salina), 479 (Locust Grove), 589 (Spavinaw), 593 (Strang), 597 (Flint), and 868 (Kansas). Dial 1-918-(your exchange)-0060, if you are calling from a location outside your exchange.
3. Listen for ring, then special dial tone.
4. Dial your 7-digit number that has call forward feature.
5. Immediately after step 4, dial your PIN (the last four digits of your phone number.)
6. Listen for special dial tone. You are now ready to activate or deactivate call forward from a remote location.
7. Dial 72#.
8. Wait for special dial tone.
9. Enter number you want calls forwarded to.
10. Wait for two beeps.
11. Hang up.

To deactivate feature, follow above steps. On step 7, use 73#. Skip steps 8 and 9.

# CALLING FEATURES

---

## Customer Originated Trace

**We can help you track harassing callers.**

Harassing phone calls can be annoying and frightening. If you have this problem, this feature will allow you to trace calls through SST.

Customer originated trace must be used immediately after you hang up on the call you want traced. If you get another call, or hear a call waiting tone, you will trace the wrong call.

You must sign up for this feature in advance. When you follow the instructions below, it creates a record of the call you want to trace. If you decide to follow up with the police, we will provide the number to local authorities. We cannot provide the number to you.

1. When you get a nuisance call, press the switchhook and release quickly. Listen for special dial tone.
2. If you've already hung up, pick up the receiver again and listen for normal dial tone.
3. Press \*57.
4. Listen for message that call has been traced. Note the time of the call.
5. Hang up.

*The call has been traced and the record can be provided to local authorities.*

## Anonymous Call Rejection

**If someone is calling you and they have blocked their number from your caller ID, this feature will tell them that you do not accept anonymous calls.**

Anonymous callers will hear an announcement that they should unblock their number and call again. All other calls will ring through as usual.

**To activate:**

1. Pick up phone for dial tone.
  2. Press \*77.
  3. Listen for confirmation announcement. Hang up.
- To deactivate, press \*87, or 1187, in step 2.*

## Automatic Callback

Automatic callback is for outgoing calls. If the number you've just called is busy, you can let your phone do the redialing for you.

It will redial the number for up to 30 minutes and let you know if the number you're trying to call becomes free.

To use, when you call a number and hear a busy signal, quickly press switchhook for special dial tone. If you've already hung up, pick up phone for dial tone.

Follow the steps for Automatic Recall, starting with step 2, shown below. The steps are the same, except you will use \*66 in step 2 and \*86 to cancel.

## Automatic Recall

Saves time for those who sometimes must ignore incoming calls. Your phone will keep trying to call, for up to 30 minutes, the last number that called you.

**To use:**

1. Pick up phone for dial tone. (If already on the phone and having heard a call waiting tone, press switchhook quickly for dial tone.)
2. Press \*69. This auto-dials the last number that called you.
3. If the line is busy, hang up. Your phone will keep trying the number for up to 30 minutes. A special call-back ring alerts you if the line becomes free. (Some phones ring normally.)
4. Pick up handset to automatically place call.

**To cancel:**

1. Press \*89.
2. Listen for confirmation tone/message. Hang up.

## Help Line

**Ensures safety in emergency situations.**

When injury or panic make it difficult to dial an emergency number, help line ensures that children, parents or a sick relative can reach someone for help.

A designated number is automatically dialed when phone is off hook for 30 seconds. For regular calls, place call within 30 seconds of picking up phone.

Choose your designated number when you sign up. Contact SST to change it.

# CALLING FEATURES

## Conference Calling

**Conference calling for home and small businesses. Speeds up personal planning, too.**

Add a third person to your business or personal calls. Great for holidays when you can call friends or relatives at two locations at the same time.

### To add third person to call:

1. Press switchhook for about 1 second. This places first person on hold.
2. Listen for dial tone. Dial person to be added to call. (Use speed dial codes, if you have this feature.)
3. When this person answers, you may speak privately with them before making call a 3-way conversation.
4. Press switchhook quickly to link three parties.

*Note: If call to third person is not completed or if that person is not in, press switchhook twice to resume original conversation.*

To disconnect third person, press switchhook for about 1 second. This leaves original party on the line.

If either called party hangs up, you may continue speaking with remaining party.

To disconnect completely, simply hang up.

1-800-722-3450—Order today!

### Calling Feature Warning

Some calling features may not always work. SST does not accept liability for failures due to the incompatibility of another telephone company's equipment.

If the party calling you is out of this area or has a phone service provider with older equipment, such features as caller ID, anonymous call rejection, customer originated trace, automatic recall and automatic call-back may not work properly.

**Know what's below.  
Call before you dig.**

## Speed Calling 8 & Speed Calling 30

Save time dialing frequently-called local or long distance numbers.

Program your phone to dial complete numbers in response to one or two-digit codes. Choose a short list of 8 numbers or a longer list of up to 30 numbers.

### To program or change list:

1. Lift handset for dial tone.
2. **Speed Calling 8:** Dial 74#. **Speed Calling 30:** Dial 75#.
3. Listen for dial tone.
4. **Speed Calling 8:** Dial one of eight one-digit speed codes. Select a number between 2 and 9. **Speed Calling 30:** Dial one of thirty two-digit speed codes. Select a number between 20 through 49.
5. Dial 10-digit number you wish to assign to that one- or two-digit code. For long distance numbers, include 1 + area code.
6. Press # button.
7. Listen for two beeps indicating the code and number have been entered.
8. Hang up.

*Repeat above procedure to continue adding numbers to your list.*

### To use speed calling:

1. Lift handset for dial tone.
2. Dial one- or two-digit speed code.
3. Press # button.
4. Call is auto-dialed.

*Get moving with high-speed DSL!*

## Blocking Features

**1-900 Calls • 1-800 Calls • International Calls • 411 Calls**

SST offers, at no charge, blocking of the above types of calls on a one-time basis to residential customers.

If other people use your phone, you may want to consider blocking certain types of calls. It may save you money in the long run.

If the phone is in your name, you are responsible for all charges made to your number regardless of who incurred the charge.

Repeated blocking and unblocking will be subject to fees as included in our tariff.

# CALLING FEATURES

## Selective Call Rejection Selective Call Acceptance Selective Call Forwarding

**Pick and choose whose calls you will reject, accept or forward. With these features, you're the boss. Make the most of your phone service and time.**

Only want to get calls from your children? Program their numbers into selective call acceptance. When the service is ON, you will only get calls from those on your list. Callers not on your list will hear a message that you are not accepting calls at this time.

Getting nuisance calls from a particular number? Program the number into selective call rejection. When the service is ON, any number on your list will hear a message that you are not accepting calls at this time. Other calls will ring through.

With selective call forwarding, program in the numbers you want forwarded to another location. If the caller is on your list, their call will be routed to your "forward to" number. Callers not on the list will ring at your home as usual.

Any of these features allows you to create a list of up to 30 numbers to reject, accept or forward.

### How to use:

1. Pick up handset for dial tone.
2. Press \*60. (selective call rejection)  
Press \*64. (selective call acceptance)  
Press \*63. (selective call forwarding)
3. Recording will tell you whether feature is ON or OFF. Recording will also tell how many numbers are stored on your accept, reject or forward list.
4. Follow voice instructions and dial 3 to turn feature ON (if it's off) or to turn it OFF (if you don't want it activated.)
5. To add the last caller to your reject, accept or forward list, press #01#.
6. If you have selective call rejection or selective call acceptance, skip step 6.  
If you have selective call forwarding, the first time you use the service, you will have to enter your "forward to" number. In the future, you will be reminded of the current "forward to" number. If the number is correct, press 1. If you want to change the number, press 0 and follow the instructions.
7. Press 1 to hear numbers on list. After list is read, voice instructions will follow.
8. To add a number to your list, press #. Follow the voice instructions. You can store up to 30 numbers.
9. To remove a number, press \*.  
\*. Follow the voice instructions to remove any or all numbers from list.
10. To hear instructions again, dial 0.

Selective Call Acceptance	*64	
Selective Call Forwarding	*63	
Selective Call Rejection	*60	

# LONG DISTANCE

---

## Understanding Long Distance Calling Zones & Rates

You are geographically located in the 918/539 calling zone. Oklahoma currently has four calling zones – 918, 539, 405 and 580. SST's service area is within the 918/539 calling zone.

Be aware that some communities on the Oklahoma-Arkansas border are outside your calling zone even though they have a 918 or 539 area code. These include, but are not limited to; Colcord, Maysville, Southwest City and Watts. Calls to these communities, and other communities in the geographic area shown on the map below, are interlata long distance calls.

HIGH-SPEED DATA AND VOICE SOLUTIONS

*Celebrating 75 Years • Est. 1945*

# LONG DISTANCE

## Choosing a Long Distance Carrier

You have access to a wide range of long distance carriers. The long distance carriers providing service at the time this publication was printed are listed here. For new customers, there is no charge for the first selection of a long distance carrier. After that there will be a charge each time you change your long distance carrier. You must call the companies for rates and billing information.

## Control Long Distance Costs With Toll Restriction

For a small monthly fee, SST offers a toll restriction feature that helps you control your long distance costs while you're away from home or on a per call basis. The feature is Per Call Toll Restriction. It requires a PIN (personal identification number). Your PIN is a 4-digit number you choose and keep confidential. SST does not assign your PIN. Your phone must have touchtone capabilities for toll restriction to work.

**Per Call Toll Restriction:** With this feature, you must first dial the long distance number. At the recording prompt, enter your PIN and the call will go through. Only those who know the PIN for this telephone line will be able to make long distance calls.

### Setting Up or Changing Your PIN

Call SST at 1-800-722-3450 to set up your PIN.

### Per Call Toll Restrict

1. Dial 1 + area code + 7-digit phone number.
2. After hearing message that "this call is not permitted," enter your 4-digit PIN.
3. Call will complete.

## Call Forwarding Warning (important long distance information)

If you subscribe to and use call forwarding features, you should note the following: If you forward your calls to a number outside your exchange (the first three digits of your 7-digit phone number), but within the 918/539 area codes, each call will be subject to intralata long distance charges.

Any calls forwarded to a number outside the 918 or 539 area codes will be subject to interlata long distance charges.

## Pre-Paid Long Distance

Avoid monthly billing scares and limit expenses with Pre-Paid Long Distance. With your monthly budget in mind, determine how much you can spend on long distance. Then, have SST set your account to limit long distance calling to that amount. Pay for the minutes you talk, but no more than the amount you have budgeted. SST Pre-Paid Long Distance costs \$5 for a 30-minute unit. Purchase additional units as needed. Call an SST customer service representative today at 1-800-722-3450.

## Checking the Balance on Pre-Paid Long Distance

Once you have pre-paid long distance, it's easy to check your balance of remaining minutes. From your *home phone*, call the number below for your exchange. Listen for the balance.

Flint  
918.597.1001

Kansas  
918.868.1001

Locust Grove  
918.479.1001

Salina  
918.434.1001

Spavinaw  
918.589.1001

Strang  
918.593.1001

# OPERATOR ASSISTANCE

---

## Directory Listings Assistance

Directory assistance operators are always available—24 hours a day. Remember that all long distance carriers have directory assistance charges. Sometimes these charges can cost more than the call itself.

Directory Listings Inside 918/539: Dial 1 – 411

Directory Listings Outside 918/539: Dial 1 – Area Code – 555 – 1212

1-800 or 1-888 Directory Listings: Dial 1 – 800 – 555 – 1212

## Save on Directory Assistance Charges

- 411 Block
- If you need two numbers, request both at one time.
- Write frequently called numbers inside the back cover of your telephone book.
- If someone moves, call the old number first and see if you get the new listing.
- Do not dial 0 and ask the operator for directory assistance. You will pay a charge for operator assistance and directory assistance.

*Exemptions: Callers with a disability or impairment that prevents them from using a telephone directory are exempt from directory assistance charges. Call us at 1-800-722-3450 to discuss the qualifications for exemption. This applies only to residential lines.*

## Operator Assistance (Very Expensive)

Operator assistance is always available—24 hours a day—but beware. It may be one of the most expensive calls you'll ever make. Charges for operator assistance are very expensive.

Dial 0 to reach the operator. To have your call processed by an automated system or the operator, dial 0 – area code – telephone number.

## Types of Operator-Assisted Calls

### Collect Call

A long distance call in which the called party agrees to pay for the call.

### Line Status Verification

When you get a busy signal at a number you can ask the operator to determine if the line is off the hook or if there is conversation on the line. You will be charged for this service. If there is conversation, you may ask the operator to interrupt the call and see if the party you're calling will end their conversation. You will be charged for this service. If the operator provides you both line status verification and busy line interrupt service on the same call, only an interrupt charge will apply.

### Person-to-Person Call

A call to reach a particular person. Charges apply only if the person is reached.

### Third-Number Billed Call

A long distance call placed away from your service, but billed to your home or office. The call may be billed to any number providing that party agrees to pay for the call. The operator may verify with the third party before placing your call.

*Operator Assistance is Very Expensive! Use only as a last resort.*

# CUSTOMER INFORMATION

## Establishing Service

When you apply for and subscribe to SST telephone service, you agree to comply with the lawful rules and regulations set forth by SST. The following information will be requested when you apply for service:

- Names of responsible parties
- Copy of driver's license
- Directory listing information
- Monthly services desired
- Social Security Number
- Address–Service location and Mailing
- Previous telephone service
- Telephone equipment desired

## Telephone Numbers & Listings

SST reserves the right to all telephone numbers. Telephone numbers may be changed at any time when deemed necessary by SST. You have several choices about how your number is listed.

**Non-published numbers:** For a monthly fee, SST will maintain your number as non-published. It will not be published in our directory or reported to directory assistance.

**Non-listed numbers:** For a monthly fee, SST will maintain your number as a non-listed number. It will be available through directory assistance, but will not be in our directory.

**Additional listings:** You may have more than one listing for your number in the directory. For example, you may need a separate listing for a spouse or child. A monthly fee is charged for each additional listing.

## Advertising Telephone Numbers

Residential phones are installed on the understanding that they will be used for normal social purposes and not in connection with any business. Advertising residential numbers for business purposes will be considered sufficient cause for SST to charge the business rate without further notice.

## Incorrect Directory Listings

The majority of the thousands of directory listings are correct. However, errors sometimes occur. If your listing is incorrect, it cannot be changed until the next directory is published. In the meantime, SST will correct the listing in Directory Assistance records. If you find an error in your listing, please contact an SST customer service representative at 1-800-722-3450.

## Attachments

No attachments of any kind, either physical or induction, may be made to any SST-owned telephones or lines without SST consent. Customers will be required to pay for damages.

## Illegal Calls

It is unlawful for any person to make telephone calls which contain comments, requests, suggestions or proposals that are obscene, lewd, lascivious, filthy or indecent. It is also illegal to make certain telephone calls with the intent to annoy, abuse, torment, harass or embarrass any person. Violations of these laws are punishable by a \$1,000 fine or one year in jail, or both.

# CUSTOMER INFORMATION

---

## **FCC Required Disclosure—Customer Name & Address**

The Federal Communications Commission requires SST to provide your billing name and address to Service Providers if requested. *Such a request would be made when you have used a provider to call collect or to bill a call to a third party (such as your home phone when traveling.)* These providers are usually long distance companies, but also may include payphone owners, hotels, long distance resellers and 900-number providers.

Your billing name and address will be disclosed to such providers for billing and collection purposes, and for additional non-marketing purposes, such as verification of service orders, fraud prevention, identification of customers moved to another service, and equal access compliance. We must provide this information when requested.

## **Federal Rules on Caller ID**

Federal rules provide that you may block your number from being provided to caller ID subscribers. Complimentary per-call blocking is available to SST customers. Before dialing a call, press \*67, to block your number from appearing on the called party's caller ID unit. Calls placed by customers who subscribe to SST's non-published and continuous caller ID blocking receive automatic blocking. You may deactivate this feature by pressing \*82.

## **National Do-Not-Call Registry**

SST customers can reduce unwanted telemarketer calls by signing up on the National Do-Not-Call Registry. Commercial marketers are not allowed to call you if your number is listed on the registry. Businesses with whom you have an existing relationship and certain non-profit and political organizations can still call you. It's free to register on the internet at [www.donotcall.gov](http://www.donotcall.gov) or by calling 1-888-382-1222. For TTY (the hearing impaired), call 1-866-290-4236 or dial 711. To register by phone, you must call from the telephone number you wish to register.

## **Consumer Rights**

SST's policy provides that you have access to any and all information you need to fairly resolve complaints or questions about services, billing and other company practices and policies. If you have any questions about your telephone service or bill, please call SST at 1-800-722-3450. Additional contact information is listed on page 3.

## **Oklahoma Corporation Commission**

SST, like all telephone companies in Oklahoma, is considered a public utility. Public utilities are regulated by the Oklahoma Corporation Commission. Questions or comments should be directed to the OCC's Consumer Services Division at 1-800-522-8154. Hearing-impaired customers needing to place a TDD/TTY call can reach the OCC by calling Relay Oklahoma at 1-800-722-0353 or dialing 711. You may also ask questions, register complaints or express comments at the commission's website—[www.occeweb.com](http://www.occeweb.com).

## **Service Interruptions**

SST does not guarantee uninterrupted service. Sometimes service is interrupted due to causes beyond SST's control, such as severe storms, or due to a customer's negligence or willful act. However, with the exceptions of the previous exclusions, if you are out of service and remain out of service for more than 24 consecutive hours after reporting the outage to SST, you will qualify for a prorated refund. A prorated credit based on local service charges will be applied to your bill—only if you request and qualify for the credit—for the number of days you were out of service.

Plan to dig on your property  
or someone else's?  
Then you need to call 811.  
It's the law.

811 is the national call-before-you-dig number. This three-digit number will connect anyone intending to dig with their respective one-call center. In Oklahoma, 811 will connect you with Call Okie.

## **Abuse or Fraudulent Use of Telephone Service**

SST can suspend or terminate service based on abuse or fraudulent use. Such use includes using SST facilities to transmit a message, locate a person or otherwise give or obtain information without paying long distance charges. It also includes charging a long distance call to a false number, to an unauthorized credit card number, or to another number without permission. New equipment and procedures enable SST to detect and investigate fraudulent use of telephone facilities. Lawbreakers are subject to imprisonment, fine, or both.

## **Customer Responsibilities & SST Rights and Non-Liability**

Customers are responsible for payment of charges for long distance calls originating from their phones, and, for charges incurred when call forwarding to a long distance number. SST reserves the right to change any telephone number at any time. No liability is assumed by SST for errors or omissions in this directory. SST cannot guarantee uninterrupted service. All information is current at the time of this directory's publication and is subject to change. Some calling features may not always work. SST does not accept liability when calling features fail to work due to the incompatibility of another telephone company's equipment. If the party calling you is out of this area or has a phone service provider with older equipment, some features may not work properly.

## **Rate Increases**

Under state law, SST has the option of raising local exchange rates. SST must notify customers at least 30 days before the effective date of the proposed increase. Increases can be suspended for review if 15 percent of SST's customers petition the OCC to determine the reasonableness of the proposed rate change.

**Petitions to the Oklahoma Corporation Commission regarding proposed local exchange rate changes must contain:**

1. the name, address and telephone number of the telephone subscriber; and,
2. the signature of the telephone subscriber in whose name the telephone service is listed.

Subscribers may also list the reason they oppose the proposed increase. Only the subscriber in whose name the telephone service is listed shall be counted as a petitioner. Petitions should be mailed to: Director, Public Utility Divisions, Oklahoma Corporation Commission, P.O. Box 52000-2000, Oklahoma City, OK 73152-2000.
